**Re: In the Matter of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I have chosen to use a small ISP provider, Sonic.net, for the simple reasons that they provide the best internet and phone service in the area at the lowest cost. In addition, their customer service is amazing - nothing like dealing with the huge corporations that are difficult to deal with.

Do not destroy Sonic and other small providers. After all, competition is the life blood of American business. Huge competitors already have their fare share of business. Allow the little guys to compete.
